Detectives of International  
Note Scent Bomb Plot, Give  
Up Theory of Explosives  
Touched Off by Accident

Timed to Go Off at 12:01, the  
Infernal Machine Mows  
Down Hurrying Clerks and  
Girls in Canyon Like Street

By FRANK CHARLTON,  
International News Service Staff  
Correspondent

NEW YORK, Sept. 16.—The  
terrible explosion which wrecked the  
bank building of J. P. Morgan &  
Company, menaced the United States  
Sub-Treasury with destruction,  
killed at least twenty-four persons  
and injured more than 200 others  
was the result of a bomb plot, according  
to officials of the police department  
and the district attorney's office late today. The officials declared that they had secured enough  
evidence to justify this theory and that they would make a vigorous investigation along that line.

The officials said they were convinced that a bomb of gigantic  
power had been exploded by an  
anarchist.

Chief Inspector William J. Lahey,  
of the New York City police, re-  
ported that he had found evidence to  
justify the conclusion that the  
explosion was caused by a huge T. N.  
T. bomb reinforced with heavy iron  
slugs fashioned from window weight  
bars.

Assistant District Attorney Alfred  
J. Tally, who is directing the in-  
vestigation for the district attorney's  
office, is working on the theory that a time bomb was conveyed to the  
scene in a wagon similar to the  
kind used by the DuPont Powder  
Company to allay suspicion. He be-  
lieves that the plot was aimed at  
the destruction of either J. P. Morgan  
& Company or the United States  
Sub-Treasury, or possibly both.

While the officials were working  
with might and main to solve the  
mystery of the explosion, policemen  
were searching the city for traces of  
men and women from the scene.

Assistant District Attorney Tally,  
after inspecting the wrecked Morgan  
building, the street outside and inter-  
viewing many persons who were present  
but escaped death and serious injury,  
issued this statement:

"My investigation leads me to the  
belief that there was a bomb and that  
it was timed for 12:01 p.m."

**EFFECT ON LOCAL TRADING**

IS REPORTED SLIGHT

The effect on local trading was  
apparent with the opening of the  
offices as the difference in Eastern  
and Pacific time meant that early  
orders in the Oakland offices had  
the information of close of the  
exchange.

Groups of speculators and follow-  
ers hung around the tickers all day  
anxious to hear what announcement  
the governing board would make  
after the scheduled meeting of the  
executive committee.

As it was early announced that no  
member of the Stock Exchange in  
New York had been killed or seriously  
injured there were number  
of expressions of relief at the escape  
of business connections in the east.

It was generally considered that for this reason, the  
effect on the market would be less.

The explosion struck the financial  
district with the force of an earthquake,  
jarring buildings, smashing  
windows and throwing debris and  
broken glass in the air.

About 200 pounds of slugs were  
picked up against the Wall-street  
side of the Morgan building and in  
front of the sub-treasury building.

The solid masonry of the two  
buildings bore numerous dents from  
the violent bombardment.

A messenger who was near Wall  
and Broad streets when the blast  
occurred told the police that four men  
drove up in front of the sub-treasury  
in a wagon, left the vehicle and dis-  
appeared in the rear. The men  
hurried south on Broad street and a few  
moments later the blast took place.

**REGULARS THROW ABOUT  
SUBTREASURY GUARD GOLD.**

United States regulars were thrown  
about the sub-treasury under command  
of Colonel Blumenthal. There  
were 100 soldiers from an infantry  
unit stationed on Governor's Island,  
headquarters of the Department of the  
Treasury.

The explosion was probably  
caused by an anarchist, but it was  
not dynamite because it was  
not exploded when it was  
placed in the sub-treasury building.

Investigations were under way this  
afternoon by the United States govern-  
ment, the police department and  
the district attorney's office.

Experts in the handling of ex-  
plosives were divided in their opinion  
as to the cause. Some believed  
that it was not dynamite because  
they pointed out, dynamite  
would have torn a tremendous hole  
in the street. The hole in the street  
in front of the United States sub-  
treasury building was comparatively  
small.

**JUNIOR MORGAN CAUGHT  
IN SHOWER OF GLASS.**

Junior Spencer Morgan was on  
the first floor of the bank building  
when the blast let go. He was caught  
in a shower of flying glass and falling  
plaster. It was originally reported  
that he was seriously cut about  
the hands but his injuries were so  
slight that he paid no attention to  
them and assisted in giving first aid  
to the others who were hurt. Mor-

5000 Federal Agents Begin  
Investigation of All Known  
Radicals to Sift Explosion  
Which Killed and Maimed

Chief Flynn to Take Charge of  
Federal Probe, Developments to Date Showing the  
Blast Was Radicals' Work

Approximately 5000 detectives  
cooperating with the department of

bureau of immigration, were  
working on the explosion.

**HOUSTON IS GIVEN  
FACTS AT FIRST HAND**

Secretary of the Treasury Hous-  
ton got first hand information of the  
explosion from Assistant Secretary  
Gilbert who talked over the long  
distance telephone with treasury of-  
ficials in New York.

Attorney General Palmer gave  
orders that all reports be laid before  
him. William J. Flynn, chief of the  
department's bureau of investigation  
will start for New York to take  
charge of the federal end of the  
investigation following a conference  
with Palmer.

Federal officials at the time of  
the explosion were engaged in trans-  
ferring \$900,000,000 worth of gold from  
the sub-treasury to the new assay  
building. This work had been  
going on since the blast.

R. A. Baker, director of the mint,  
immediately after the explosion  
telephoned his office here from  
Philadelphia he was starting for  
New York. Assistant Secretary Gil-  
bert announced the government  
trust officials in the sub-treasury and  
assay offices containing millions  
of dollars worth of gold and coin,  
were undamaged by the explosion.

Another telegram received by the  
local broker read:

"The police say the bomb was in  
a motor car or thrown from one,  
and that the fact that the explosion  
was confined to the street and  
wrecked buildings on both sides est-  
ablishes this theory."

Another wire read:

"An assistant fire marshal says  
that an automobile loaded with  
dynamite was exploded in the street."

**EFFECT ON LOCAL TRADING**

IS REPORTED SLIGHT

# TERRIFIC EXPLOSION SHATTERS WALL STREET PALACES OF FINANCE

## More Than Score Killed at Work; Troops at Sub-Treasury

(Continued from Page 1)

Exhibited in front of the Morgan man killed in the Morgan Banking Building. His father, P. W. Joyce, in charge of gold shipments, was badly injured in the head.

Two and a half hours after the explosion the streets outside the police lines were black with people, and windows were filled with spectators.

He announced also that his staff would question all witnesses of the explosion. He said that one thing that led him to the conspiracy theory was the time of the explosion. This was the time of the Sub-Treasury.

He was seated in the Sub-Treasury building, which stopped at 12:01 p.m.

"The factors that lead me to this belief," said Cally, "are that the time of the explosion was at 12:01, when probably the greatest damage could have been done, and the location of the explosion was midway between the Morgan offices and the new New York Treasury building."

### REMANENTS OF WRECKED MACHINES PICKED UP

Working on the conspiracy theory the police picked up all remnants of the wrecked automobile and wagon, even going so far as to pick up the shoes from a dead horse in order to determine the identity of the vehicle and their owners.

The financial district was roped off and placed under heavy guard while the work of identifying the victims was underway. Some bodies were so mutilated that hope of identification virtually has been abandoned. At the Broad street hospital alone from 150 to 200 persons were admitted and determined that 80 of these had died from injuries. So crowded was the hospital that the injured were laid on the floors and in hallways.

Wm. T. Joyce, a clerk, was the

## Science vs Rule of Thumb

Only a few years ago the personal equation was the primary factor in the fitting of glasses. The responsibility of fitting your eyes rested upon an individual who was in turn somewhat dependent upon the patron's judgment in the selection of glasses.

Now glasses are fitted with instruments of scientific accuracy and precision and the trial case is used only for the purpose of verification. Every Chinn-Beretta store is equipped with the most modern instruments of optical science.

**CHINN-BERETTA**

SAN FRANCISCO 190 Gentry St. 164 Powell St.

statue of George Washington, were scarred and dented by pieces of flying debris or metal.

### GLASS RAINS DOWN UPON PASSING TRUCKS

The terrific downpour of broken glass contributed chiefly to the casualties. When the explosion occurred the throngs in the streets nearby made a frantic effort to escape, fearing a second blast. The intense hysteria prevailed, women shouting and men plunging onward in a precipitous rush to safety. Those who were not cut by flying glass were trampled upon in the general stampede.

A messenger employed by Block, Maloney & Co. found near the scene of the explosion \$42,000 in negotiable bonds and three one-dollar bills. The latter were scattered.

Mayor Hylan who soon arrived on the scene, declined to give his opinion as to whether the explosion was an accident or plot. He directed Police Commissioner Enright, however, to issue the following statement:

"All persons in the vicinity of the scene of the explosion who can give any information, no matter how slight, regarding any of the details, especially regarding vehicles in the street, which might have caused the explosion or the presence of any suspicious persons at the time of the explosion should communicate with the police at once."

Dr. Wood, the Broad street hospital, gave a statement to newspaperman in which he said one of the injured, a man with both legs burned, told him he saw a powder wagon bearing a red flag collide with an automobile near the curb outside the Morgan building just before the blast.

### Son of Morgan Gold Director Is Killed

NEW YORK, Sept. 16.—Two of the dead were identified as William Joyce, a clerk in the Morgan offices, and W. F. Hutchinson, a New York broker.

One of the unidentified victims was a woman about 50 years old. She wore a gold wrist watch and a large diamond solitaire.

The body of a youth and one of a man about 40 years old had been stripped of clothing by the explosion. They were taken to a morgue to await identification.

William Joyce, a clerk, was killed in the office of J. P. Morgan & Company, according to the police. He was sitting at his desk on the Broad street side when the explosion occurred.

He was a son of T. W. Joyce,

who is in charge of Morgan's gold shipments. The elder Joyce was severely injured.

Four members of the Morgan firm were in conference in an office on the Wall-street side of the Morgan building at the time. They were T. W. Lamont, George Whitney, Dwight W. Morrow and Elliott Bacon.

Oakland Man Wires He Escaped Injury

Assurance from Henry Humann, former Oakland man, and whose offices were among those damaged by the explosion, that he was uninjured were received today by Mrs. Nikolae Locan, of Berkeley.

Mrs. Humann was Miss Edith Locan, graduate of the University of California in 1915.

Humann, who was a captain in the world war, is employed by the Indus Company at 81 Broadway, a few doors from the Morgan offices.

Lamont, of Morgan Firm, Visited Here

Thomas W. Lamont, member of the firm of J. P. Morgan & Company, who was one of those in the New York banking house explosion today, was a visitor in the bay district this summer and left Oakland for the east June 1.

Lamont was then returning from the Orient, where he had gone to represent financiers in the arrangement of consortiums by which the powers aim to stabilize and develop China.

In an interview given out yesterday he developed the theme of future China which he touched on while in San Francisco, declaring that the Far East promises to become the greatest field for American foreign activity. The new policy of the nation in the consortium is bound to end the old system of aggression, Lamont believes.

Lamont, who was formerly a New York newspaper reporter, stepped from the train with his suitcase in his hands. He was not injured by the New York blast beside his membership in the House of Morgan family. Lamont is a director in endless large corporations, including the International Harvester, the New York First National Bank, the Guaranty Trust Company and the International Agricultural and others. He is an overseer of Harvard and a trustee of Smith College.

### HOSPITALS ARE JAMMED WITH INJURED VICTIMS

The main floor of the Broad street hospital, where most of the injured were checked with blood, was the number of victims. There were insufficient cots and the injured were laid in rows on the floor. BERLIN, Sept. 16.—Five thousand unemployed men, bearing red flags, made a demonstration Sunday before the office of the employment council, demanding the council's dismissal. Later they forced their way into the council's office and forcibly removed the officials. The security police were compelled to go to the officials' assistance.

### Col. Roosevelt Finds Game Birds Shy

BILLINGS, Mont., Sept. 16.—Lieutenant-Colonel Theodore Roosevelt failed to bag one bird in Montana territory over which his famous father hunted successfully several years ago. "Not a single covey was sighted," he said, after hours of fruitless search.

Roosevelt left here today for

Martin, Mont., after speaking before two large audiences yesterday. His addresses were devoted chiefly to criticism of the League of Nations.

### SAVE

Your stops for something better work for what you save after all, if you have not entered some pleasure. Order National Ice Cream for dinner and then you will not be too tired to go with the rest in the evening.

THOMAS W. LAMONT, member of J. P. Morgan Co., who was dictating a letter when the explosion rocked the offices of his firm, killing several women in the adjacent bonding department.

### BOMB HURLS GIANT SLUGS

(Continued from Page 1)

gan and a friend went to lunch together.

Business was brought to a standstill throughout the financial district. The stock exchange and curb market closed down. Sensational reports of a bomb plot threw bankers and brokers into a panic.

It was believed that the bomb was intended to destroy the life of J. P. Morgan, it was a futile enterprise because Morgan is at present in Europe.

Dwight Morrow of the J. P. Morgan company, officially stated that none of the partners of the Morgan concern was injured, due to the fact that they were present at a conference in the Morgan building. Among the dead was Mr. George Whitney, Elliott C. Bacon and Mr. Morrow. Thomas Cochran left the city last night.

Two unidentified men and one woman died at Broad street hospital at 1:30 o'clock from injuries sustained in the explosion. The hospital officials now say that many of the injured are in a precarious condition.

### CLERKS AND GIRLS

According to the clock in the Morgan offices, the time of the explosion was 11:45 a.m. One girl employee of the Morgan house was killed. A number of the employees of the Equitable Trust company were injured and have been taken to the broad street hospital.

As an indication of the expanse of the burst of flame from the explosion in the street in front of Morgan's bank, ambulance workers found three young women badly burned, a young woman having suffered a second degree burn at 42 Wall street, almost half a block away. The young women had remained at their desks. After this discovery ambulance workers canvassed every building in the neighborhood in search of isolated instances of injury. The rumble of the explosion and the shock was felt plainly a mile away. One person was reported killed and several injured in the Post and Flag building in Wall street, some distance from the scene.

### SCENES OF TURBULENCE UNEQUALLED IN NEW YORK

Never in the history of New York have such scenes of turbulence and excitement accompanied a great disaster.

All streets leading to Broad and Wall were choked with people.

Police were powerless to open traffic lanes. Fire and ambulance units, all the downtown police reserves, were brought to the scene.

Strange to say, fire did not follow the blast. However, sirens were on hand.

At 1 o'clock Fire Chief Henlon said that he was unable to account for the explosion.

A great hole was torn in the street in front of the Morgan building.

The wall of the Morgan building on the Wall street side is pitted with holes as if it had been bombarded by light caliber artillery.

Broad and Wall streets, the financial heart of America, resembled a battlefield with dead and wounded, blasted streets and soldiers on duty.

### HOSPITALS ARE JAMMED WITH INJURED VICTIMS

PAUL DESCHANEL,  
who has resigned presidency of  
France. — Copyright, Underwood & Underwood, N. Y.

# THOMPSON HAS CONTROL OF ILLINOIS

CHICAGO, Sept. 16.—Returns to day from 3100 out of 5137 precincts in the state gave leads for the Thompson (Republican) candidates.

In 1520 precincts in Cook county and 1580 precincts outside, Frank L. Smith was leading in the race for United States Senator with 185,536 votes over 176,455 for Congressman W. B. McKinley and 29,322 for B. M. Chipperfield.

Returns from 1520 precincts in Cook county and 1620 precincts outside gave Small 155,033 for Governor and 170,389 for Oglesby, 15,549 for Carlstrom and 14,536 for Woodruff.

Admitting defeat, William B. McKinley, former candidate for United States senator, sent a telegram to Frank L. Smith, his rival on the state, backed by William Hale Thompson, congratulating him.

LEWIS HAS DEMOCRATIC PLACE FOR GOVERNOR

On the Democratic ticket, James Hamilton Lewis, former whip of the United States Senate, was nominated for Governor over Barrett O'Hara. The race between Robert E. Burke and Peter A. Waller for the Democratic nomination for United States Senator was exceptionally close.

The Thompson victory in Chicago defeated the incumbents. They were Niels Juel, William Wilson and Carl E. Chinglom.

"Uncle J." Cannon, candidate for renomination to Congress for the twenty-first time, has apparently defeated his opponent.

MacLay Hoyne, district attorney in Cook county, was defeated for renomination by Michael Iglo by a plurality of 15,000.

Judge Tully Scott gave a Thompson candidate who was chosen by the Republicans for state's attorney.

The vote was slow in coming in on the results of the race for Congressman-at-large, W. E. Mason and Richard Yates. The Thompson candidate has a large lead, accumulated mainly in Cook county.

NON-PARTISANS DISPLACE COLORADO DEMOCRATS

DENVER, Colo., Sept. 16.—Indications early today were that the Non-Partisan League had done a severe blow to the regular Democrats in Colorado, based on the returns from Tuesday's primary election.

Judge Tully Scott, regular Democrat, had a lead of 2,180 votes over Collected. Non-Partisan League candidate for the Democratic nomination for United States Senator.

Non-Partisan League candidates led the regular Democrats in all contests except this one. With 400 precincts to be heard from Collins, Non-Partisan gubernatorial entry had a lead of 4,080 over Higgins, Democrat.

The Republican senatorial contest was still close. Karl C. Schuyler leads Carl M. Nichols, 20,712 to 20,000 in 1120 precincts out of 1382.

HART JUMPS AHEAD IN WASHINGTON CONTEST

SEATTLE, Sept. 16.—Ugly rumors are heard today as the result of the sudden death of the friend of Governor Louis E. Hart, Cook last night in the counting of the votes cast in Tuesday's primary election for the selection of a Republican gubernatorial candidate. Colonel Roland H. Hartley had been leading by about 6000 when an error in compilation is alleged to have been discovered and later returns coming in favoring Hart, the governor took the lead. Today, in face of these returns, Hart's nomination seems assured. Hartley supporters, however, are not satisfied with the official returns and are calling state-wide investigation and court proceedings to settle the contest.

Returns as tabulated today from 1749 precincts, give Hart 55,231 and Hartley 47,884. George B. Lamping, 29,435; John Cellatty, 16,399; Ed. Ward Corman, 19,303; John Stringer, 3964, and Anna MacEachern, 2684.

Returns compiled by the Denver Times up to noon including 1128 precincts out of 1532 precincts in the state give Carl C. Schuyler of this city a lead of 2,224 over Samuel D. Nicholson of Leadville for the Republican nomination for United States senator.

BUTCHERS ORGANIZE.

PETALUMA, Sept. 16.—The Petaluma Butchers' Board of Trade was organized here last night by the owners of the meat markets in the city. The officers of the new organization are: President, W. G. Turney; vice-president, Frank Castagna; secretary, Ben Courtz.

## Brotherhood Lodges

### Expelled for Strike

CLEVELAND, Sept. 16.—Eighty-six lodges of the Brotherhood of Railroad Trainmen have been expelled for participating in the unauthorized strike of switchmen last spring. W. G. Lee, president, announced yesterday to members of the brotherhood's board of directors.

Lee said that the brotherhood and the Switchmen's Union of North America were not considering any merger.

### Police Praised for Work by Merchant

Inspector Tom Woods and Alexander Trotter, the Lord Hillman Police Commissioner, were commended for quick work this morning by H. K. Jackson, furniture merchant.

In a letter to Chief J. F. Lynch, Jackson stated in several nights ago he sent an emergency call that a burglar was at work in the home of H. E. Jackson on Mandana Boulevard.

In less than five minutes, Jackson writes, "both officers arrived on the scene and made a rapid search of the premises. It certainly was an object lesson to me and proves what I have always contended; that the Oakland Police Department has no superior in the country."

### Divorce Granted to Deserted Husband

Although America Malatti merely charged desertion in his suit for divorce from Mrs. Ethel Malatti, he told Judge Church that his wife left at the same time a boarder departed from their home.

Mrs. Malatti had filed a cross-complaint charging cruelty, but did not appear in court. Malatti was given the decree and the custody of two minor children.

Mrs. Haze Orme Campbell, who was granted divorce from Ray Ray Campbell by Judge Smith, sitting for Judge Harris, went on the witness stand as she told how her husband had purchased a \$200 diamond ring for another woman with borrowed money.

### Japan Goes to Aid of Silk Industry

TOKYO, Sept. 16.—The government has decided to come to the relief of the silk industry. It will loan the silk syndicate 100,000 yen with an additional 16,000 yen through the Bank of Japan. The object is to keep up the price of raw silk and control exports.

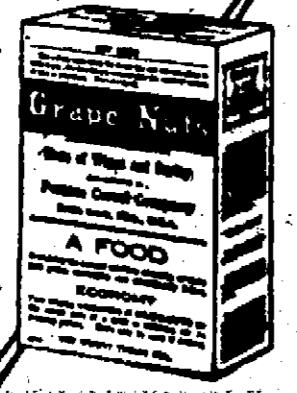

### MEXICO ORDERS 27 SHIPS.

OTTAWA, Sept. 16.—The government of Mexico has placed an order with the Prince Rupert Drydock Company for the construction of 27 ships, mostly oil tankers. The contracts have been handed to the minister of marine for endorsement.

This ready-to-eat cereal food is abundantly supplied with sugar, developed in the process of making from the choicest parts of wheat and malted barley.

**More Suits Against Japanese to Be Filed**

SAN FRANCISCO, Sept. 16.—Other suits under the anti-alien land law to dispossess alleged Japanese owners of land in California will follow the suits filed at Visalia, it was said today.

Attorney-General Webb said his office had been investigating alleged Japanese ownership of land throughout the state, and that cases of holdings would be prosecuted.

**To Open Night Class in Spanish At Heald's College Next Monday****Course Started to Meet Demand of Employees of Oakland Export Houses**

gaged in trade with South and Central America for employes versed in Spanish. Heald's Business College has announced the opening of a Spanish class in this language next Monday evening, September 26, with Professor Gerard TAILLANT in charge.

Organization of the course will be made at Heald's on Monday evening at 7 o'clock, and sessions will be held thereafter on Monday, Wednesday and Friday evenings from 7 to 9 p.m. Professor TAILLANT, a native of Canada, is a teacher of modern languages, the result of a long career of teaching in many of the country's foremost schools and colleges. Following graduation, Mr. Dier, as a young teacher, became a private tutor of French at Huron College in 1901. In 1904 he went to the Oregon State Agricultural College, where he became a member of the teaching department in 1906. In 1908, French, German and Italian at the California Conservatory on Telegraph Street, San Francisco, and in the San Francisco Business College.

# COX PREPARES TO MEET JAPANESE ISSUE IN STATE

By ROBERT W. WALKER,  
Editor, Press Staff Correspondent,  
and JOHN W. GOVERNOR  
COX, ELKO, Nev., Sept. 16.—The Japanese problem of the Pacific Coast today was fast coming to a head when Governor James M. Cox's presidential campaign as he made one jump across the continent, spending four days in California, pivoted

on the Democratic candidate in the race to meet this coast issue when the center of interest as ...

the California line. Cox spent most of the time in conference with Senator Key Pittman of Nevada and California Democratic leaders, who

met him there.

The situation may be touched in speeches today. Cox has indicated he intends to attack Senator Harding's recent speech as irresponsible.

Four rear-platform speeches were

scheduled for the trip across the great Nevada desert. They were to be at Elko, Winnemucca, Lovelock

and Sparks. An evening meeting

was scheduled for Reno, shortly

after which Cox would go to Carson City, where he was due to speak

on the night of Sept. 18.

Cox's departure from San Francisco

on the night of Sept. 17, was

caused by a collision of his

car with a truck, which

was traveling in the opposite

direction. Cox was speaking in San

Lake City at the time.

Cox today explained his

declaration that Republicans are

raising a campaign fund of \$25,000

and \$30,000,000 was a general

statement, but that his "specific

charge is that the minimum fund is

\$15,000,000."

Eighteen Examined for Library Places

The Oakland Civil Service Board

this morning examined 18 applicants

for the positions of library employees,

for which there are ten vacancies.

Because of constant changes in the library forces, it is believed that

probably every one of the applicants

who passes the examination will soon

be appointed.

**\$2500 Damages Given for Injury by Plank**

George L. Masow was today

awarded \$2500 damages against H. B. Henderson for injuries sustained

when Masow was struck by a plank

used in the construction of Henderson's garage. The accident happened

July 18, 1919. The plaintiff asked

for \$25,000, which was an

amount which the defendant

offered to pay.

## DERRICK AND PIPE START OIL BOOM TALK IN ALAMEDA

ALAMEDA, Sept. 16.—Sh. Whisper it softly. It is a deep, dark secret.

Oil has been struck in San Leandro bay!

The startling news was broken to the populace of Alameda yesterday by H. M. Kearny, one of the island city's capitalists who deal in real estate. For a time there threatened a stampede.

The announcement came about following the sale of a piece of property on the easterly end of the island, which Kearny made to Percy Forsythe, a plumber.

Forsythe is preparing to erect a structure upon the property, and yesterday he drove up to the place and unloaded a wagon resembling a young pile driver.

One of the natives observing the preparations approached Kearny and asked for information.

"I don't think he would want me to tell you," slyly remarked Kearny. "You see it is a secret, and if it gets out, you can't tell what may happen."

"Gosh!" exclaimed the native, scaring a deep, dark secret. "Let me in on it. I won't tell anyone."

"Then don't let Forsythe know I told you," mysteriously whispered Kearny. "But he has discovered oil on the bay bottom and he is going to sink a well. That is why he has brought all that pipe."

"Gosh!" exclaimed the native, scaring a deep, dark secret. "Let me in on it. I won't tell anyone."

Forsythe was mystified and his bewilderment increased as more friends anxiously requested to be let in on the oily secret. It was not until what seemed half the population of Alameda had made the same request that Forsythe finally traced the rumor to Kearny.

He was still denying the report that he is contemplating selling stocks in his well at the bottom of San Leandro bay.

For Forsythe, finishing the unloading of his pipe, started back to his shop.

"Fear that you have struck oil, Forsy," haled a neighbor. "It is that right? Let us in on it, will you?"

For Forsythe was mystified and his bewilderment increased as more friends anxiously requested to be let in on the oily secret. It was not until what seemed half the population of Alameda had made the same request that Forsythe finally traced the rumor to Kearny.

He was still denying the report that he is contemplating selling stocks in his well at the bottom of San Leandro bay.

MOONSHINE IN  
BARN, SUNSHINE  
IN HAPPY HOME

ABERDEEN, Wash., Sept. 16.—The following is an extract from a speech delivered by C. H. Forney, attorney of Centralia, Wash., before the Washington State Bar Association in its annual meeting.

"As little as the Canadians conceive the principles of economics and the law of search still less do they comprehend the possibilities of prohibition liquor and the making thereof. Under modern American methods each householder is a manufacturing chemist. The producer and consumer are brought into intimate relation, and long hate is eliminated; the value of the product is increased even unto twenty dollars a quart, thereby adding enormously to the national wealth and thus making further taxation possible."

PROPERTIES OF YOUTH.

Demand is created by confiscation of the supply. Longer hours are worn by our yeomanry, which serves to augment the supply of beef to the hungry poor. Our people are made prosperous, and happy, their life is centered in the home and relationship in the barn. The product itself is correspondingly increased in strength and efficiency. It is free from the burdens of age; it hath the properties of youth. It raiseth up the young man's feet. It maketh the strong man to cease to say 'Ah-ha-ha' which is well. It maketh the old man paw in the vale."

HE FEARETH NOT.

"He that feareth not search the multitude of the city. He cannot be bound with fetters of brass. There cannot not draw him up with a hook nor pull him down with a hand. He neither is made afraid. He maketh at rest. He is given the power to see serpents. His voice is mighty, strengthened and more hear him from afar. The ordinance of the law is made for none. He seeth not the world, and maketh to a man to stand in his inheritance."

"Contract this progress, even of affairs with the same intent of the cannoneers who as high understand the potency of destruction as the value of destruction."

## NARCOTICS KILL ESTRANGED WOMAN

SAN FRANCISCO, Sept. 16.—Marjorie Shields, mystery girl, who was found dead in her room in the Strand Hotel, 415 O'Farrell street, when the proprietor broke into it last night, had a husband in Philadelphia whom she was suing for a divorce. Her married name apparently was Mrs. Thomas Hodgeson, 1736 North Twentieth street, Philadelphia.

This is disclosed in a letter from T. B. Kingsbury, a Philadelphia lawyer, found in the room. The letter told Mrs. Hodgeson that suit for divorce had been entered but that financial arrangements could not be forecasted until she settled her affairs.

The letter also indicated that an uncle, Frank Shields, lived at the Hotel Champlain, New York City. Both uncle and attorney have been wired by authorities.

Marjorie, who had lived in the hotel a month, was forty-eight hours dead when found. There were many bottles of narcotics in the room. None at the hotel knew her save casually.

On the bed beside the body lay a newspaper, turned to a much-read page giving an account of the death of Olive Thomas, American actress, in Paris.

## Danger to Nation Is At Home, Says Hunter

Public distrust of government and established institutions, skepticism about qualified leaders, fear for important posts and the tendency to disbelieve in the United States to disent from the will of the majority were given as indications of the great danger this nation is in of being conquered by Bolsheviks, according to Superintendent of Schools Fred M. Hunter, speaking yesterday before the Oakland Club.

"Russia, or any other country is not coming over here to conquer us," declared Hunter. "The danger comes in our thinking and acting."

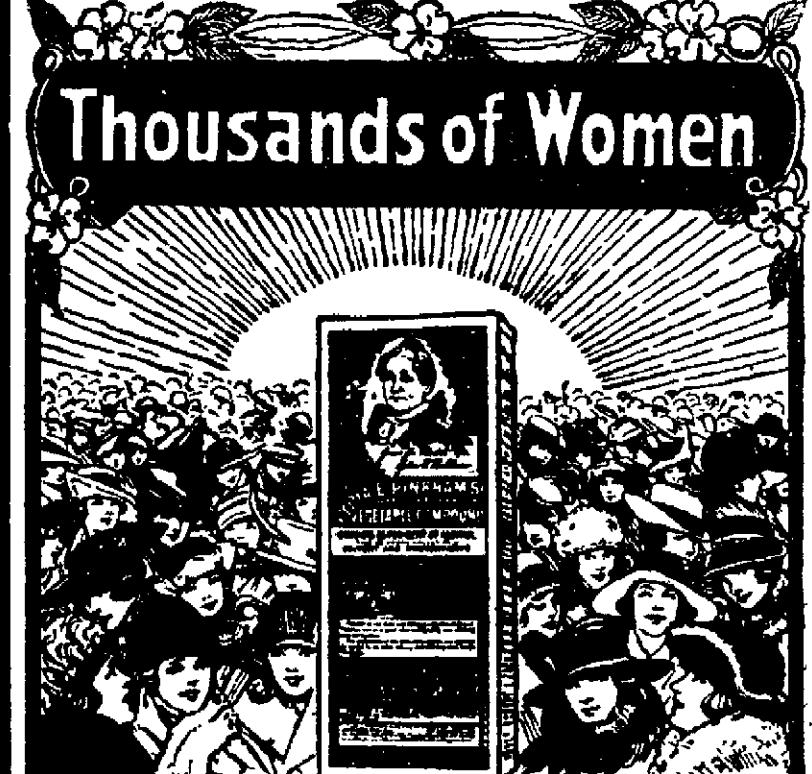

Whether women were willing to be merely silk wearers or to help with the silk weaving was the question which Dr. Aurelia Henry Heindert put to the clubwomen in a second address of the afternoon on education. She asserted that too many "silk wearers" would destroy the backbone of any nation, and stressed the necessity for the presence of silk worms and silk weavers.

Other silk dresses were made by Mrs. Claude Leach and Mrs. Edgar L. Ormsby.

Charles Bowman Hutchins presented a program of bird songs. Mrs. H. J. Stewart, with Mrs. George Coolidge accompanist, gave solo numbers.

## Airplanes Inefficient As Forest Fire Guard

CHICO, Sept. 16.—Cy Eaves, forest ranger at Butte Meadows, has resigned from the service and will make his home in Chico where he plans to open a closer airplane used in the forest patrol service in the last year have not been successful in reducing the number or area of forest fires, according to Eaves. The expense of maintaining an airplane for patrol duty is so high that it is not justified by actual results, he contends.

## Owe Their Health To

Lydia E. Pinkham's Vegetable Compound—overshadowing indeed is the success of this great medicine. Compared with all other medicines for women's ills seem to be experiments. Why is it so successful? Simply because of its sterling worth. For over forty years it has had no equal. Women for two generations have depended upon it with confidence. Thousands of their letters are on our files, which prove these statements to be facts, not mere boasting.

Here Are Two Sample Letters:

Mother and Daughter Helped.  
Middleburg, Pa.—"I am glad to state that Lydia E. Pinkham's Vegetable Compound did much good when I was 38 years old. I was run down with female trouble, and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used."—Mrs. W. T. Clark, R. 3, Box 21, Middleburg, Pa.

Wise Is the Woman Who Insists Upon Having

## COP SUSPECTS THIS MEANS OF BEATING H. C. L.

Henry Smut, who said he left Oakland several months ago, returning yesterday from Reno, was arrested today at the Sixteenth-street depot holding a greasy package in his hand and clasping half a raw chicken under his arm.

To Policeman E. W. Brock, Smut said he had just arrived from Reno, that before leaving the Nevada city, he bought a slab of bacon, for which he paid 55 cents a pound, and the chicken to fortify himself against reported bigamy here. He also possessed a pack of cards and \$60 in bills.

Brock could not be convinced that the transaction was made in Reno and took Smut to the city hall.

## U. C. Students to Give One-Act Plays

One act plays by the best modern writers are to be put on by the students of the University of California extension class in interpretative acting which Prof. C. D. Von Neumann, of the University of California faculty, which starts tomorrow evening at 7:30 at the Hotel Oakland.

The class is limited to twenty-five members so that the best results may be secured by the students.

Registrations for the class may be made at room 201 California hall, Berkeley, or at the meeting place of the class, Hotel Oakland, on Friday evening.

## STEALTHY ANEMIA

If we could only see ourselves as others see us or if we would only read right, the reflected in our mirror we would have saved a great deal of suffering and sickness.

Anemia approaches so stealthily that it is sometimes well advanced before its presence is recognized. Often the startled exclamation of a friend is the victim's first hint that there is a marked change in his appearance.

Feelings of fatigue and discomfort are the earliest manifestations of the disease and these are seldom taken seriously. Gradually the fatigue succeeds by languor and weakness. Small tasks become an effort, a walk up hill causes violent palpitation of the heart.

The complexion becomes pale and there is loss of weight. The nerves grow weak and the victim displays irritability under slight provocation and is extremely sensitive to noise, voices and even the laughter of children. The appetite is failing and indigestion pains are frequent.

The condition is one that calls for a non-alcoholic tonic that is free from habit-forming drugs.

Such a tonic is Dr. Williams' Pink Pills which have been used successfully in many families for generations. If the directions are faithfully followed and the treatment taken persistently complete recovery may be expected. Dr. Williams' Pink Pills give the blood all those missing elements necessary to strengthen and nourish the various organs and tissues.

The Dr. Williams Medicine Co. of New Haven, Conn., publishes a little book, "Building Up the Blood," which will be sent absolutely free on request. Your druggist sells Dr. Williams' Pink Pills or they will be sent, postpaid, on receipt of 60 cents per box—Advertisement.

## 350 WORKERS TO AID IN Y. M. C. A. FUND CAMPAIGN

### CANDIDATE COX WILL NOT SPEAK ON U. C. CAMPUS

BERKELEY, Sept. 16.—When Governor James Cox arrives in California he will not address the students of the University of California as the members of the College Democratic Club had planned. The university authorities declare that no political speakers will be permitted to talk on the college campus and the demonstration planned by the student politicians has been abandoned.

Today, the members of the club forwarded a telegram to Governor Cox asking him to speak on the campus and requesting him to mention the University Amendment No. 12 in his California speech. The message reads:

The members of the Democratic Club of the University of California assure you of their support in the coming campaign and that you will be supported in your efforts to raise money. Lift the building funds, maintenance and improvements. General Chairman B. A. Forster is in charge. The sum for which the association is appealing has not been named.

ORGANIZED IN 1879

With the close of the forty-first year of service to this city the Y. M. C. A. is looking back over a period of forty-one years with extensive activities. Organized in 1879, it has improved vocational guidance, physical training, nature study, summer camps, religious training, instruction in hygiene and morals, ministerial work, international missions, young people's work, and so on.

At a young man's home in the city, our young people's work has largely consisted in the giving of educational classes, outdoor work, singing and dancing, social activities, cafeteria, sports, swimming, and other forms of entertainment, instruction and physical culture. Some 1500 free three-months memberships have been given during the past year to overseas men and over 400 former soldiers were assisted in problems regarding their bonus and insurance.

FOREIGNERS' INDEX

In addition to its educational department, which provides programs of athletic activities and entertainments of various sorts for thirty-two manufacturing plants of Oakland, the association has extended its services to include the aiding of foreigners in the securing of their naturalization papers.

One of the main advertising features of the coming drive will be the new department of community work, which will co-operate with schools, clubs and churches of the city for the direction of all phases of their life.

Each of the fifty teams of workers in the campaign will be in charge of a captain. The list of captains is as follows:

Louis Ahern, M. A. Anderson, E. H. Young, E. W. Bunnell, Mrs. H. C. Bellerville, A. L. Brandy, Mrs. H. T. Bonneell, Louis J. Breuer, V. J. Burpee, A. E. Caldwell, G. H. Cardinet, L. J. Cayer, H. S. Carpenter, Emil Cuenen, John Davis, E. O. Deming, E. W. Engs, E. Fetter, Mrs. E. Fritsch, L. R. Gondrak, T. P. Gray, C. P. Grinnell, John W. Gwalt, C. H. H. Jackson, W. M. Jenkins, W. M. Johnson, W. M. Johnson, H. H. Kibbe, H. M. Lawrence, F. W. Leallister, Mrs. Russell, Louis R. A. McWilliams, F. W. Morrison, H. A. Mosher, J. C. Nakel, W. H. Oliver, L. L. Perry, J. W. Phillips, Byron Ruthles, H. C. Schrader, Maurice Stewart, Dr. R. T. Stratton, H. J. Truman, E. A. Vandever, E. Wittenberg, Frank Woodward, E. Young.

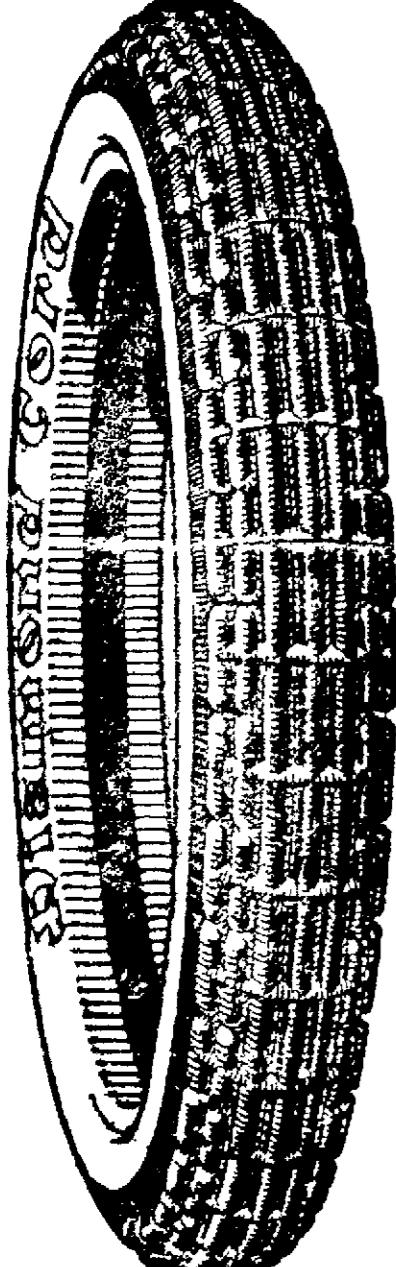

Modern Corsets sold only at \$5.00 and upward.

## COX WILL SPEAK AT AUDITORIUM SATURDAY NIGHT

Governor James M. Cox Democratic candidate for the presidency, will address a mass meeting in the Oakland Auditorium arena Saturday evening. It was announced today by H. H. McPike, chairman of the Democratic central committee. The meeting is scheduled to start at 8 p. m. and be presided over by Attorney Robert M. Fitzgerald.

Plans for the program which will include other Democratic speakers and a short musical program, will be made today at a meeting of the committee in charge of the meeting.

The committee consists of H. H. McPike, chairman, H. B. Bunker, secretary of the Democratic central committee, Mrs. Carrie L. Hoyt, president of the Women's Democratic Club of Alameda county, and Robert M. Fitzgerald.

Monday night Cox will speak at the Civic Auditorium in San Francisco. He is to be a luncheon guest of the San Francisco Center at the St. Francis on Saturday and at a reception to be given by the Commercial Club later in the day.

**BANKERS PLAN BUSINESS TALKS**

A rally in the south room of the Hotel Oakland will begin a new educational and entertainment program for the Oakland chapter of the American Institute of Bankers Tuesday evening September 21.

Under the plans for the future which the rally will institute, the Oakland chapter has formulated a program of lectures for banking members of the institute which includes men in financial circles in Oakland, Alameda, Berkeley, and Richmond and will be headed by courses given by the extension division of the University of California.

SECAR AT 15 CENTS

SAN JOSE Sept. 16.—Sugar is now retailing in San Jose at 15 cents a pound and according to dealers will probably go much lower.

The sugar is of two varieties, Hong Kong and Java, both of a much coarser grade than that refined in the United States.

**SAFETY FIRST!** Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuralgia, Lumbago, and for pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents—Larger packages

Aspirin is the trade mark of Bayer Manufacture of Monacatine and dealer of Salicylic acid.

## POLICE NEGLECT MAY COST \$5000

Because the police failed to charge 12 Chinese who were arrested Sunday night at Twelfth and Wood streets with gambling jointly, but instead charged each offender separately on two charges, the case in police court No. 1 will pile up for 28 days. Each Chinaman has demanded a jury trial on each charge which means that 26 juries must be impaneled beginning on October 6. It is estimated by Judge Mortimer Smith that 1800 jurymen will have to be drawn during the month of October.

The Chinese were arrested in a raid at Twelfth and Wood streets in which the doors of the den were battered down after the lookout had been kidnapped by the raiding officers.

Attorney W. H. Hines will represent each gambler on each separate charge. It is estimated that the one raid will cost the city at least \$5000.

Had the gamblers been charged jointly on two charges the cases could have been disposed of in two or three days.

## MYSTERY SHOTS AT MIDNIGHT PUZZLE POLICE

Shots which the police believe were exchanged between highwaymen disrupting over loot at Third and Chestnut streets last night brought out a patrol load of police men. The first firing was heard shortly after midnight and was followed by a second fusillade.

The officers made complete investigation, but failed to find anyone who could give them any information. They were then sent into the corner at Seven and H. H. Foster streets which caused the police to believe that the shots had been exchanged between two factions of a gang and also caused them to dismiss the theory that mischievous boys were to blame.

**Eugene Leroy Suspect**

Arrives in Uruguay

BY UNITED PRESS

LEAD WIRE TO TRIBUNE

MONTEVIDEO Uruguay, Sept. 16

—The man held as Eugene Leroy, suspected of being the wife murderer who shipped the body of his victim from Detroit to New York in a trunk, arrived here today aboard the British steamer Dryden

**JAZZ BANQUET AT 7**

A jazz banquet will be given tonight at the Y. W. C. A. by the Loyal Young People Class of the First Christian church. H. W. Hales, president, covers will be laid for 100 guests. Among those who will participate in the program are Herbert Lomax, Charles Pickard, William McKeever, F. B. Leonard, John Rose, Will Brown, Rev. Van Winkle, Crockett, Haines, Miss Margaret Painter, Miss Merle Fraenauer, Miss Jeanne Miller, Miss Ella Prall, Miss Annette Carlson, Miss Ruth Blythe

**COL. PENROSE DIES**

LANCASTER, Pa., Sept. 16.—Colonel Charles W. Penrose, 62, retired army officer and a cousin of United States Senator Penrose, died yesterday. Colonel Penrose entered the army in 1884.

## UNPICKED CROP SOLD AT \$20,000 FOR 22 ACRES

SAN JOSE, Sept. 16.—Tom Cracolice, who purchased a 22-acre prune orchard on the Meridian road a year ago, was handed a check for \$20,000 today for his crop, having sold the fruit on the trees and will not have to undergo the expense of paying for the harvesting. He is planning to construct a magnificent home on the place.

## Pickford Divorce Hearing October 9

CARSON CITY, Nev., Sept. 16.—According to a statement of Attorney-General Fowler, proceedings to secure the annulment of the divorce granted Mai Pickford from her former husband, Owen Moore, by Judge Langen in the Douglas County, District Court at Minden some time ago will be vigorously carried on. The preliminary battle will take place at Minden on October 9 when arguments will be made on a motion of the actress attorney to have service of summons quashed on grounds of jurisdiction.

## U. S. Attache to Stay Away, Mexico Hears

MEXICO CITY, Sept. 16.—It was reported in diplomatic circles today that George T. Sumner, American chargé d'affaires, was recalled to Washington to report to the state department and will not return to Mexico City.

**BOOTLEGGER SHOT DROWNED**

WALLA WALLA, Wash., Sept. 16.—Jack Tuttle, arrested by the police at the fair grounds last night on a charge of selling liquor, was shot through the body by Officer W. H. Wallace while attempting to escape. Tuttle is in a hospital with a bullet lodged near his backbone.

**SAVE CHILDREN URGED.**

CHRISTIANITY, Sept. 16.—The International Council of Women yesterday elected Mme. Chaponniere, Châix of Switzerland, president. A resolution was adopted urging all countries to do their utmost to save the children in the famine areas of Europe.

**SECAR AT 15 CENTS**

SAN JOSE Sept. 16.—Sugar is now retailing in San Jose at 15 cents a pound and according to dealers will probably go much lower.

The sugar is of two varieties, Hong Kong and Java, both of a much coarser grade than that refined in the United States.

**SAFETY FIRST!** Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuralgia, Lumbago, and for pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents—Larger packages

Aspirin is the trade mark of Bayer Manufacture of Monacatine and dealer of Salicylic acid.

## HEALTH EXPERTS ELECT OFFICERS

SAN FRANCISCO, Sept. 16.—Selection of the next convention city of the American Public Health Association is today in the hands of the executive committee of the organization. The convention yesterday adjourned its various sectional meetings, elected officers, and listened to a number of addresses. Elected were Dr. M. P. Raine, Columbia, Mo., president; Dr. T. B. Beatty, Salt Lake City, first vice-president; Dr. Louis J. Dublin, New York, second vice-president; Dr. William C. Hassler, San Francisco, third vice-president; Dr. Roger L. Lee, Cambridge, Mass., treasurer; A. W. Heddick, Boston, secretary; Doctor W. S. Rankin, Raleigh, N. C.; Dr. C. J. Hastings, municipal health officer of Toronto, and Dr. Peter H. Bryce, Victoria.

## "ASPIRIN"

WARNING! The name "Bayer" is the thumbprint which identifies genuine Aspirin prescribed by physicians for 20 years and proved safe by millions.

**SAFETY FIRST!** Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuralgia, Lumbago, and for pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents—Larger packages

Aspirin is the trade mark of Bayer Manufacture of Monacatine and dealer of Salicylic acid.

**Permanent Rates, Edison Co. Plea**

LOS ANGELES, Sept. 16.—Responding to an order of the State Railroad Commission, the Southern California Edison Company today presented evidence to the commission meeting here in the matter of establishment of permanent electric rates in the ten San Joaquin Valley and Southern California counties in which the company operates.

Permanent rates high enough to induce capital into the electric power industry were asked of the commission by Attorney Roy V. Repp.

Ottawa, members of the executive committee.

The following directors were elected:

Dr. S. J. Crumbine, Topeka, Kans.; Dr. J. A. Ferrell of New York, Dr. Charles J. Hatfield of Philadelphia, Dr. M. M. Seymour of Regina, Saskatchewan, and Dr. Ray Lyman, W. B., president of Stamford, Conn.

VOLUME XCIII—

OAKLAND, CALIFORNIA, THURSDAY EVENING, SEPTEMBER 16, 1920.

B

NO. 106

## ROTARIANS HOLD OBSEERVANCE OF CALIFORNIA DAY

With Mayor James Ralph of San Francisco and officials of the Native Sons and Daughters of the Golden West as guests of honor and speakers, the Oakland Rotary Club today entertained the Native Sons and Daughters at a "California Day" observance at the Hotel Oakland. The celebration was held at the regular Thursday luncheon of the club.

Among the prominent guests were: Mayor John J. Davie of Oakland, Frank Otis of Alameda, W. C. Christie of Emeryville, and Oliver Ellsworth of Piedmont. Mrs. Dr. V. A. Derrick of Oakland, grand vice-president of the Native Daughters; Mrs. L. Ariana Spirling, past grand president of the Native Daughters of Berkeley, and Mrs. Addie L. Mosher, also former grand president, represented their organizations.

James F. Moxey and Mrs. Adele Briggs, grand presidents of the Native Sons and Daughters respectively, who were to head the speakers, were unable to be present.

Harry G. Williams, city auditor and grand vice-president of the Native Sons, was the chairman who arranged the celebration. Today's meeting was given instead of one scheduled for September 9.

## DRIVER MISSING IN AUTO KILLING

Berkeley 'Y'  
Seeks \$77,000 to  
Wipe Out Debts

MRS. CLARENCE W. PAGE,  
well-known Berkeley singer who  
will aid in campaign for \$77,000  
for Berkeley Y. M. C. A.

Money Also Necessary to Pay  
Next Two Years' Expenses;  
Drive Opens Monday.

BERKELEY, Sept. 16.—How  
much are Berkeley's boys worth  
\$77,000?

A campaign to determine just  
what the residents of the college  
city think of their youth is in preparation

with the directors and business men of Berkeley interested in the welfare of the Y. M. C. A. as the sponsors. It is proposed to raise \$77,000 in seven days to wipe out the indebtedness of the Berkeley "Y." to make necessary repairs and additions to the building at Allston.

It was also voted to seek to the court for an injunction to prevent the removal of the building from its present location.

Harold Thompson, charged with robbing the house of W. S. St. John, 580 Broadway, Piedmont, was continued to await the report of the probation officer.

L. T. Christy, alias Ray Field, and Carl Best, today changed their plea to guilty of robbing a shoe store at 530 Seventh street on the morning of July 16 and their cases were referred to the probation officer. The case will be heard September 30.

A. E. Buckingham, a blind man, charged with an offense against two 14-year-old girls, Ethel Schultz and Lois Perrill, appeared before Judge Church today in the Superior Court and had his hearing extended to September 30.

## LEGAL PHASES OF CITY MERGING TO BE INVESTIGATED

## CITY MANAGER PLAN FAVERED AT BERKELEY RALLY

ALAMEDA, Sept. 16.—Before expressing an official opinion regarding the proposed consolidation of the East Bay cities the Chamber of Commerce decided last night to make a thorough investigation of the various laws governing consolidation. A special committee for this purpose was selected consisting of E. J. Silver, George H. Fox and C. J. du Four.

It was the feeling of the members that the consolidation involved so many questions of a technical nature that investigation and so little information had been furnished by the Oakland committee that approval was entirely out of place. The committee has especially been instructed to investigate the legal status of the possibility of such a consolidation, the present law affecting such action, such amendment as would be necessary, and the position of the administration which a city such as Alameda would in relation to the other cities concerned.

All former committees were dis-

charged and the local chamber's future action regarding the consolidation will hinge upon the reports to be made from time to time by the new committee.

After considerable debate, the members of the committee concluded that little could be gained through affiliation with a State organization of chambers of commerce. The vote was to stay out of such an organization as at present proposed.

**EARLY BERKELEY AGITATION.**

BERKELEY, Sept. 16.—Declarations by the Cragmont club that an incorporated territory north of Berkeley is desirous of joining with Albany and Berkeley in a public utility district and would also welcome the opportunity to unite with those two cities in a city and county government separate from the rest of Alameda county, are regarded as the first open espousals of the plan to split the county. Proponents of the idea have been generalizing to a policy of silent opposition after the calling of an election on city and county consolidation for all of the territory in Alameda county.

That the Cragmont club had shown publicly a premature recognition of the Berkeley plan and has placed itself on record too early, is the opinion of those who are working for a separate city and county government for Berkeley, which a county is only possible after the general plan is put up to all of the voters of the present county and the time for Berkeley's action would be after the vote on the larger question.

**UTILITY ELECTION PENDING.**

BERKELEY, Sept. 16.—Declarations by the Cragmont club that an incorporated territory north of

BERKELEY, Sept. 16.—Berkeley's present commission type of government may be supplanted by a city manager form of administration if plans formulated at a meeting last evening to place a charter amendment on the ballot in November are carried out.

Going unanimously on record in favor of amending the charter to substitute the managerial type of administration, a score of prominent citizens will conduct a campaign between now and next Tuesday, the last date on which proposals may be placed on the ballot at the special election called for November, the action of the voters determining the question.

Last night's meeting held in the Chamber of Commerce rooms was presided over by George L. Schneider, president of the Berkeley City Planning Commission. Others present who lent endorsement to the plan included Professor Thomas H. Reed, head of the department of municipal government at the university and former city manager of San Francisco; Professor John W. Green, chairman Berkeley Park Commission; Professor William B. Herms, former member of the Board of Education; Earl Sinclair and Frank D. Stringham, former Berkeley city attorneys; H. W. Kroll, president Northbrae Improvement Club, H. D. Irwin, G. A. Grelsch, Oscar T. Barber, H. S. Howard and Curtis Clark.

Addressing the group, the city

commissioners of government as the most economical in existence today were made by Professor Reed, Frank Stringham and others.

Under the proposed city manager

plan a mayor and council will be

elected, but will serve in honorary

rather than administrative positions,

with a nominal salary paid for each

meeting attended. The burden of

business of government will be in the hands of the manager.

Should the council vote to place

the manager plan before the people

the issue will come up for discussion at the special election of November 16, called to submit to the people the formation of a public utility district with Albany and the unincorporated territory north of the city. Other charter amendments will also be voted on at the same time, including the raising of the tax rate from the dollar minimum to \$1.25.

Members of the committee will

meet informally with council members to ascertain their sentiments on the proposal of a city manager.

## Doctors Allowed to Have Home Offices

BERKELEY, Sept. 16.—A doctor's practice is not a business, according to the ruling of the city planning commission of Berkeley, which has announced that physicians and dentists may maintain offices in apartment houses and dwellings. Property owners in certain sections declaring that the comprehensive zone law was discriminatory in favor of doctors, placed

question before the city planning commission for settlement. Under the zone law a doctor's office may be in any dwelling and as an apartment house comes under the list of dwellings the commission declared that offices in that form of building were allowable.

George L. Schneider was elected president of the commission at the annual meeting this week. Oscar T. Barber was named vice president and H. Kimball secretary.

Questions pertaining to the erection of a light manufacturing plant

on San Pablo avenue and to the use of a residence in the hill section for apartment purposes were referred to the council.

Two Men Burned in  
Blast Will Recover

BERKELEY, Sept. 16.—Both men are at Roosevelt hospital, where they were taken yesterday morning. After being severely burned when a 50-gallon drum of citric acid exploded yesterday at the Southern Pacific freight

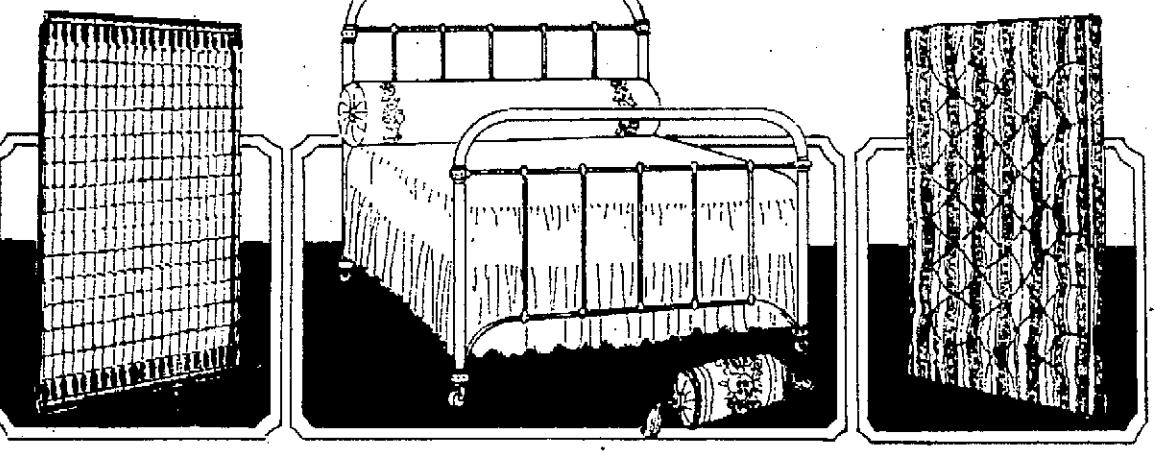

yards, Third street and University avenue, Fred Peters, expressman of 1152½ Virginia street, and V. Medaglia, a warehouseman, 116½ Seventy-second avenue, Oakland, will recover from their injuries.

## DUTIES IN EUROPE DETAIN TEACHER

BERKELEY, Sept. 16.—Called to Prague in response to an urgent appeal from the people of Czechoslovakia that he serve as food adviser, Lincoln Hutchinson, well-known Berkeleyan, will not arrive in this city until December to assume his duties as professor of commerce on the Flood Foundation at the University of California.

Professor Hutchinson formerly served in Czechoslovakia in a capacity to which he has been assigned, called by the people of that country. Writing to President Field U. Barrows today, the president's appeal was made in conjunction with the formal opening of a campaign for the measure by the student body on the campus.

"While the university's enrollment has reached 200 per cent, classes have been provided only to the extent of 20 per cent additional since 1918, the date of the beginning of the phenomenal growth of the state institution. Admitting that the proposed tax law had defects, President Barrows had urged, however, that the measure as it stands forth in the bill of the state in behalf of the alma mater affords the only relief in sight for the state university.

### NEEDS OF UNIVERSITY

Following is the president's statement:

"Financially crippled by causes over which it has no control, the University of California is suffering from a crisis that affects immediately and vitally every citizen of the state. It becomes my duty to acquaint the people of California with the conditions which have caused this crisis and with the plan for raising funds in support of the university which has been proposed to meet it.

"In 1910, the university had 2,000 students. The enrollment at Berkeley has increased 200 per cent, making the university one of the largest, if not the largest, university in America. In addition, the 18,000 students of the southern branch at Los Angeles, the students of the professional colleges in San Francisco, of the farm school, of university and agricultural extension courses, have grown more in numbers since 1910 than have the students at Berkeley in extension courses alone, short courses excluded. The enrollment has increased to 15,000.

"The university's equipment has not been added to in proportion to the increase in the number of its students. Class rooms available for general use have increased only 20 per cent. This 20 per cent increase must care for the 200 per cent increase in students. This is the primary reason for the over-crowded classes which are at present a discredit to the institution. Classes, in fact, are so large, rooms so inadequate, teachers so few, that our high standards cannot longer be maintained.

"The university needs buildings for the sciences, for the schools of education and of commerce; it needs dormitories; it needs money so that the college of agriculture can continue the work of its experts throughout the state. Last year more than one-quarter of the agricultural staff was lost because of inadequate facilities and compensation. The university needs laboratories and class rooms that will make good teaching and investigation possible.

# JIMMY DUNDEE AND CARMEN BOX A SENSATIONAL DRAW

## CRUCIAL SERIES IN THE TWO MAJOR LEAGUES OPEN TODAY WITH PENNANTS AT STAKE

### JOE EAGAN FINISHES FAST AND COMES NEAR FINISHING GEO. SHADE

At Walker and Bobby Ertle Put Up the Best Fight of the Night; Leopold Is Beaten

By BOB SHAND

T. Jeremiah Simpson, the demon matchmaker, is running to form again. For a few show, the customers who like to hear the referee practice arithmetic had a wonderful time. There were knock-outs and knock-downs even more plentiful than that, but recently T. J. has been pairing off the kids with such good judgment that there hasn't been an honest-to-goodness knock-out in weeks and there have been mighty few knock-downs. Last night's card at the auditorium was full of action. Some of the lads slugged from gong to gong, but so evenly they matched that there was not even a clean knock-down all evening.

In the main event James D'Anzio

Leopold Dundee got all that was com-

ing to him—and maybe a little bit

more when the judges called it a draw.

Carmen forced the lightning and did

the cleaner hitting and had it been

absolutely necessary to render de-

cision, he would have gone to the

eastern boy. Dundee was away

off-form last night. They had been

telling him that Carmen was a set-up

and that he had to go to the end

at the end of the fourth round, so

maybe little James did not train as

hard for the Blue Ridley fight. An-

other boy, Walker, had come in his

famous left hook to the body fall-

ing to connect. Carmen ran away

with the first two rounds. He was

with an easy chancery and his red-

headed, his invariably emered winner

of the rallies. Dundee showed to

better advantage in the last two

rounds and was coming on strong

at the finish. In the ninth, he showed

last night, is a good boy of his weight

as there is fighting around here and

he belongs. The boys are good

and the crowd is good. That's all record

that any little four-rounders could

well be proud of. Of course, there will be a return

match. Dundee will be in better

condition next time, but nobody but

Pete Nolan will doubt that any edge

there was last evening belonged to

Carmen. Dundee is beaten.

**EAGAN FINISHES FAST**

Joe Eagan, the Boston midget,

was the other surprise of the evening. Joe got a draw with George

Shade, but lost the first two

rounds by the proverbial rule.

The customers were feeling sorry for Joe

when the third round came, but he

had a good reason for himself. He

worked his way into close quarters

and proceeded to use a clubbed right

hand punch to the Shade tummy. He

had a lot of fun with the little

George. There didn't seem to be

much behind the punch but every

time it landed Shade grunted, so

he would have been tougher.

The Shade boy had Eagan's arms

as he was in so long. He is

handicapped but he is a good

handicapped fighter.

## INTERNATIONAL TRADE BOARD HAS SOME APPROVAL

Considerable comment on the international conference, held in France more than a month ago, regarding the establishment of an international chamber of commerce, is now made. It is to be noted that the position of the thoughts of the business and political mind of the country, that in such international agency might be afforded better opportunity for the formulation of trade and financial regulations than is afforded by all the commissions and diplomatic agencies available. An American international body is to be organized, possessed of no political significance, but to be for that reason, the more free to offer the thoughts of the large business and financial institutions of the world and to deal with questions of fundamental import, as related to national and international trade.

Concerning the new plan, a writer in the Bulletin of the National City Bank, New York, has this to say:

"French bodies, of course, can have influence only as their declarations appeal to the judgment of the peoples from whom they come, but representing the leading commercial countries of the world, it is conceivable that the conferences may develop into large importance. They cannot, of course, negotiate legislation or administrative acts, but, in a binding sense, but for very reason there may be greater freedom of suggestion and discussion than in an official body, not done by governments and they are poorly qualified to do it, either in international or domestic affairs. In the case of the French, the natural social program is that governments will attempt to do too much, and the best way of preventing or heading off such attempts is by supporting the leading social forces as will make governmental action unnecessary, or only naturally supplemental."

## Certificates Raise Over \$400,000,000

SAN FRANCISCO, Sept. 16.—Fifteen million dollars in the various certificates from the twelve federal reserve banks of the country indicate that subscriptions to the last two issues of treasury certificates of indebtedness were more than \$400,000,000 million dollars, according to a telegram to Governor John U. Calkins of the federal reserve bank of San Francisco from the secretary of the treasury today.

Final figures of the twelfth federal district will be announced as soon as compiled.

## CHICAGO GRAIN

CHICAGO, Sept. 16.—Wheat opened lower today on the absence of any speculative factor. Deprived of the corn market was the chief factor in the opening, which was 3¢ lower than the unchanged figure to 3¢ with December \$3.41 to \$2.41, and March \$2.32, both set by a decided setback all around.

Some export business was said to have been done on the decline. Prices of the major cereals were as follows: Dec. 2.37 to \$2.38 and March 2.32. Deferred deliveries touched the lowest figures for this season. The close was 3¢ lower than 3¢, net lower with Dec. 3.11 to \$1.11.

Liberal receipts of corn caused weakness. After opening 3¢ to 4¢ including a December at \$1.11 to 4¢, the market moved higher to 4¢ to 5¢. Oats are governed by the action of other grain, starting 3¢ down to 4¢, the advance, and then undergoing a minor correction.

Provisions reflected new upturns in the value of hogs.

The close: Wheat, 2.67%; March, 2.30%; Corn, Sept. 12.29%; Dec. 4.13%; Oats, Dec. 6.24%; May, 6.67%; Pork, Sept. 12.25%; Oct. 3.22%; Lamb, Oct. 12.40%; Jan. 8.17%; Ribs, Sept. 17.88%; Oct. 17.85.

## COTTON MARKET

NEW YORK, Sept. 16.—Near months were 4 to 46 points higher and the cotton market was 10 to 12 points lower at the opening of the cotton market, but later the whole list became quiet and strong on buying by the trade and covering by local factors.

Prices advanced easily until they were fully 26 points higher on December at the end of the first 20 minutes.
